INTRODUCTION

I have come in order that they might have life - life in all its fullness. John 10:10

'The enabling of every child to flourish in their potential as a child of God, is a sign and expression of the Kingdom and is at the heart of the Church's distinctive mission.'

(The Church School of the Future Review March 2012 - Dr Priscilla Chadwick Chair of the Review Group)

The Church school offers a spiritual and moral basis for the development of human wholeness and a sure foundation for personal and social values based on the person and ministry of Christ. A distinctive language is provided for understanding life and interpreting human experience. As a community of faith, the Church school should, in its best expression, reflect the nature of the Trinity, a life shared and defined by reference to others. Here we can begin to discover who we are, why we are, and – perhaps most importantly – what we might be.

The Way Ahead, Chapter 3 para 3.26

The Way Ahead report, published over a decade ago, sought to re-establish the distinctive nature of Church of England schools for the new millennium. The Church Schools Review Group, chaired by Lord Dearing stated:

We believe that the revelation of God's love for all humanity within a holistic approach to education is at the heart of the church's purpose in our Church schools.

The Way Ahead, Chapter 3 para 3.24

SPIRITUAL DEVELOPMENT AT ELTHAM CHURCH OF ENGLAND PRIMARY SCHOOL

God is love. Whoever lives in love, lives in God and God lives in him. 1 John 4:16

A Christian perspective on spiritual development

In the Bible, we are taught that we are 'brought alive' by God and invited to live that life to the full. For Christians this encompasses the whole being: mind, body and spirit. Spirituality is an integral dimension of the whole of life.

Christians believe in a God who is the source of all life, thereby placing an inherent goodness at the heart of everything. All of life is sacred, to be respected, protected and enjoyed. 'The spiritual life,' wrote Henri Nouwen, 'does not remove us from the world, it leads us deeper into it.' The Bible teaches that humanity has been made in God's image (Genesis 1:26). Therefore, all people are spiritual beings, with the capacity for relationship with God. This relationship is rooted in love, for 'God is love.'

Whoever lives in love, lives in God and God lives in him.' (1 John 4:16) It is for this reason that Augustine prayed, 'You [God] have made us for yourself, and our heart is restless until it finds its rest in you.'

For children's spirituality to develop and flourish, there must be trust; trust in a God who loves them and trust that school is a safe place where their doubts, fears and questions will be listened to.

In Collective Worship, children are given the opportunity to praise God for the wonders of the world, to give thanks for God's limitless love and to learn about and celebrate the shared Christian values which unite them as a school family. The gospel stories and other Biblical teaching will therefore be seen as the root of the Christian values that shape the school's life, values such as honesty and thankfulness, friendship and forgiveness. This means that Collective Worship will be the life-giving thread weaving through all aspects of the community life.

Opportunities for spiritual development will also be actively planned into all aspects of the curriculum. Spiritual capacities such as imagination, empathy, and insight will be modeled in different ways by staff and also encouraged and celebrated in children. There will be a shared understanding that the spiritual life of the school is the wellspring of moral, social and cultural development and all that makes the community what it is and strives to become.

An Ofsted perspective on Spiritual Development

Pupils' spiritual development is shown by their:

- ability to be reflective about their own beliefs, religious or otherwise, that inform their perspective on life and their interest in and respect for different people's faiths, feelings and values
- sense of enjoyment and fascination in learning about themselves, others and the world around them
- use of imagination and creativity in their learning
- willingness to reflect on their experiences.

Aims

In order to foster spiritual development, the school aims to provide children with opportunities to:

- develop an appreciation of their uniqueness and value as a child made in the image of God;
- develop an understanding of the distinctive ethos of this church school as well as the context, language and symbolism of the Christian faith;
- develop knowledge and understanding of the school's core Christian values and the Biblical teaching that underpins them;
- develop an appreciation of what it means to be a part of a community (eg using their gifts and abilities in the service of others);
- develop the skills and language required to enable them to reflect upon the big questions and mysteries of life;
- develop an awareness that experiences of disappointment, failure and loss may be occasions for spiritual growth;

- understand the value of difference and diversity through involvement with others.

Teaching and learning at Eltham Church of England Primary School will therefore ensure that:

- the curriculum and all areas of our community life will be explicitly rooted in Christian values, such as forgiveness, thankfulness, peace and trust, as documented in all school policies;
- opportunities for spiritual development will be pro-actively planned into the curriculum and actively encouraged in all areas of school life;
- Collective Worship will celebrate the love of God for every individual and provide opportunities for children to respond to this;
- the school building and outdoor environment will provide appropriate spaces for silence, stillness and prayer
- that children’s spiritual capacities such as imagination, empathy and insight will be fostered through the creative arts and interactive multi-sensory teaching strategies;
- that children’s moral development will be linked to spiritual development through strategies such as Windows, Mirrors, Doors;
- that the outstanding RE curriculum will deliver knowledge and understanding about a range of faith perspectives relating to spirituality;
- that children will be given as many opportunities as possible to explore the wonder of the natural world and to develop an understanding of the Christian belief that creation is a gift from God to be enjoyed, cherished and protected.

**MORAL DEVELOPMENT AT
ELTHAM CHURCH OF ENGLAND SCHOOL**

Love must be sincere. Hate what is evil; cling to what is good.

Be devoted to one another in love.

Honour one another above yourselves. Romans 12:9-10

And what does the Lord require of you?

To act justly, to love mercy and to walk humbly with your God. Micah 6:8

A Christian perspective on moral development

For Christians, morality is not just about good behaviour, it is about shared values that are rooted in Christian belief. Forgiveness is a central value in moral development. Christians believe that *all have sinned and fallen short of the glory of God* (Romans 3:23). This means that all people do wrong things. Christians use the term ‘sin’ to mean both wrong things that hurt others, as well as things that hurt God. At the heart of the Christian gospel is the message that God dealt with sin through the death and resurrection of Jesus Christ. There is mercy and forgiveness offered to all who repent. In addition, Christians believe that the Holy Spirit works in believers to

transform and renew them. Jesus taught his disciples that, as forgiven people, they should also forgive others.

Forgiveness does not mean accepting the wrong-doing or ignoring the consequences. Justice is a fundamental value, indeed children seem to have an innate sense of justice. However, the need for justice must be set in the context of the importance of restoring and reconciling relationships. In church schools, a balance should be forged between these. Truth and integrity are also at the heart of the Christian message. Jesus taught that He was 'truth' (*John 14:6*) – so honesty and truthfulness should be prominent in church school policies and practice.

These beliefs shape the values that lie at the heart of a church school and will characterise its approach to moral development. Love predominates in all aspects of school life, since it was God's act of love that brought salvation to the world. *Agape* is the Greek word used for God's love in the New Testament. *Agape* love is self-giving and costly. Christians look to the life and teaching of Jesus to help them understand what this means in practice.

An Ofsted perspective on moral development

Pupils' moral development is shown by their:

- ability to be reflective about their own beliefs, religious or otherwise, that inform their perspective on life and their interest in and respect for different people's faiths, feelings and values
- sense of enjoyment and fascination in learning about themselves, others and the world around them
- use of imagination and creativity in their learning

Aims

To foster moral development, the school aims to provide children with opportunities to:

- be able to work together to agree codes of behaviour that are appropriate for our school community;
- understand the centrality of forgiveness and reconciliation in the life and culture of our school;
- begin to engage with big questions concerning morality and ethical issues in the wider community and in the world, and to realise that each of us has a responsibility to work for justice.

SOCIAL DEVELOPMENT AT ELTHAM CHURCH OF ENGLAND PRIMARY SCHOOL

The human body has many parts, but the many parts make up one whole body. So it is with the body of Christ. 1 Corinthians 12:12

A Christian perspective on social development

Social development is about living successfully in community.

For Christians, community and relationships underpin life. The Trinity (Father, Son and Holy Spirit) models a perfect community of equals, united by a bond of love. This is the same love that God has for his creation; therefore a relationship is implied. Christians claim that humans are 'made in God's image' therefore they are made for relationship. The incarnation – God becomes human in Jesus – reminds Christians that God has relationship with his creation, that he is 'involved'. This means that God understands what it means to be human.

The Church is described in relational terms as the Body of Christ (*1 Corinthians 12:12*). St Paul's teaching emphasises the value of each person in the Christian community: his/her gifts, talents and worth.

Although some members of the church school may not be part of the local church community, there will nonetheless be an expectation that all relationships will be informed by Christian values. These values will be modeled by staff and governors and encouraged and celebrated in children. The Bible stories that underpin the school's values will be explored and creatively expressed so that they become familiar and inspirational to all.

An Ofsted perspective on social development

Pupils' social development is shown by their:

- use of a range of social skills in different contexts, including working and socialising with pupils from different religious, ethnic and socio-economic backgrounds
- willingness to participate in a variety of communities and social settings, including by volunteering, cooperating well with others and being able to resolve conflicts effectively
- acceptance and engagement with the fundamental British values of democracy, the rule of law, individual liberty and mutual respect and tolerance of those with different faiths and beliefs; the pupils develop and demonstrate skills and attitudes that will allow them to participate fully in and contribute positively to life in modern Britain.

Aims

To foster social development, the school aims to provide opportunities for children to:

- build relationships founded upon the Christian values (eg honesty and forgiveness);
- gain a clear understanding of the place of the church school within the wider Christian community including local, national and worldwide;
- access pastoral support from school staff, local clergy and parish team members;
- be equipped to become responsible citizens who recognise the importance of service and working for the 'common good';
- feel a sense of genuine pride in the school and their membership of it.

Teaching and learning at Eltham Church of England Primary School will therefore ensure that:

- the curriculum and all areas of our community life will be explicitly rooted in Christian values, such as friendship, service, generosity and compassion, as documented in all school policies;
- opportunities for social development will be explicitly planned into the curriculum and in all areas of school life;
- Collective Worship and assemblies will celebrate and reward practical demonstrations of our Christian values such as, service to the community, and acts of friendship and generosity, particularly shown towards children facing difficulties or challenges;

CULTURAL DEVELOPMENT AT ELTHAM CHURCH OF ENGLAND PRIMARY SCHOOL

After this I looked and there before me was a great multitude that no-one could count, from every nation, tribe, people, and language, standing before the throne.
Revelation 7: 9a

A Christian perspective on cultural development

These words encapsulate a vision of people from many different cultural backgrounds drawn together and united in one purpose – worship. St John was given this revelation so that God's ultimate intention for humanity might be glimpsed, thus affirming all efforts to value people from different cultures.

The Christian Church was forged in a crucible of cultures. In Acts 2, the Holy Spirit is described as miraculously enabling the first followers of Jesus gathered in Jerusalem to speak about the 'mighty works of God' to people from all over the ancient world, each in their own language – love.

At the heart of cultural development, therefore, is the capacity, not only to understand and appreciate those elements that have shaped one's own life, but also to be open to people from very different backgrounds, and learn how to celebrate their story.

An Ofsted perspective on cultural development

Pupils' cultural development is shown by their:

- understanding and appreciation of the wide range of cultural influences that have shaped their own heritage and that of others
- understanding and appreciation of the range of different cultures within school and further afield as an essential element of preparation for life in modern Britain

- knowledge of Britain’s democratic parliamentary system and its central role in shaping our history and values, and in continuing to develop Britain
- willingness to participate in and respond positively to artistic, sporting and cultural opportunities;
- interest in exploring, understanding and showing respect for cultural diversity and the extent to which they understand, accept, respect and celebrate diversity, as shown by their attitudes towards different religious, ethnic and socio-economic groups in the local, national and global communities.

Aims

To foster social development, the school aims to provide children with opportunities to:

- gain a knowledge and understanding of the values from their own culture, heritage, traditions and an appreciation of how they have evolved and developed over time
- develop knowledge, understanding and appreciation of the cultures of those with whom they interact day by day, as well as other cultures represented in the UK
- develop a knowledge of the local Christian heritage, particularly through “Experience Church”, visits to local churches and the Cathedral, and to explore their relationship to it.
- develop a knowledge and understanding of the cultural diversity of Christianity through links overseas, RE, Collective Worship and events in school
- understand the relationship between religious belief and culture through a creative, challenging and interactive RE curriculum
- explore what it means to be a child made in the image of a Creator God
- understand what it means to be part of a community characterised by openness, hospitality and an eagerness to learn from one another

Teaching and learning at Eltham Church of England Primary School will therefore ensure that:

- the curriculum and all areas of our community life will be explicitly rooted in Christian values, such as friendship, generosity, and creativity, as documented in all school policies;
- the curriculum will be delivered using creative and imaginative teaching strategies which allow individual gifts and talents to flourish;
- a range of art forms will be used to teach children about Christian heritage and tradition, and also the heritages and traditions of other faiths;
- children are given opportunities to take part in and respond to cultural and artistic enterprises (eg Spirited Arts project, and community art initiatives, as well as workshops with professional artists, filmmakers, poets, authors, dancers, etc);
- children explore current affairs and different interpretations of events by the media;
- children explore the ways in which cultural, racial, and religious prejudice can take root and learn how to recognise this and other forms of discrimination as well as ways to counter it;

- whole school projects which celebrate diversity within the local and wider community feature in our curriculum;
- links with our Diocese and dioceses overseas teach children that as a church school, we are a part of the World Wide Anglican Communion which comprises a rich cultural diversity of Christian traditions and practices.
